# Anika Fire Tech Private Limited

<https://www.indiamart.com/anika-firetech/>

We are one of the distinguished manufacturers, suppliers, traders and importers of Fire Fighting Products. Our product series is appreciated for its quick detection, longer service life, consistent performance, ease of usage and tough construction.

## About Us

Established in the year **2010**, we, **Anika Fire Tech Private Limited**, are one of the distinguished **ISO 9001:2008** and **CE** certified manufacturers, suppliers, traders and importers of an unlimited compilation of Fire Fighting Products. Our product series comprises of Fire Extinguisher, Smoke Detection System and CCTV Camera that are massively acclaimed in the business, for their rugged construction, ease of usage, supreme efficiency, longer operational life, quick detection and minimal maintenance. In addition, we follow the concept of proffering a perfect blend of quality and price for our clients, so that the association remains intact. We offer our products under the brand name of **Fire Hit and Fire Go**. Backed by a world-class infrastructure facility, our company is extremely capable of fulfilling the diversified requirements of our esteemed patrons. Furthermore, we have recruited a team of skilled, qualified and experienced professionals, who work extremely hard to attain the organizational objectives, with greater efficiency. In addition, to provide the best quality possible, we test the entire range in multiple parameters to examine its perfection and flawlessness. We have marked our presence all over the globe, while our products are imported from **China, Taiwan** and **Korea**. Our company engages in ethical business dealings only. We are enjoying an unmatched reputation in the business, under the incomparable...
